

5 Point Checklist...

- 1 Before letting any tradesmen into your house, always ask for their identification. ✓
- 2 Ask for a detailed breakdown of the quote so you know where your money is going. Also, find out if the final price includes VAT. ✓
- 3 Request a document stating the exact costs and length of the project; you should be informed of any changes to this before they go ahead. ✓
- 4 Find out the preferred method of payment and when you are expected to pay. ✓
- 5 Ensure the tradesman fully understands all of your requirements before starting the project (including materials, design and colours). ✓
